## 300-TON MILL FROM OLD CAMP TO CANDELARIA

Confirmation of the deal by which the Rochester Silver corporation is to finance the construction of a mill for the Candelaria Mines company at the old camp of Candelaria in Mineral county was given Monday by O. W. Jones, president of the Rochester Silver corporation.

By the terms of the deal the Candelaria Mines company takes over the Rochester Combined mill at Rochester, which was built by L. A. Friedman about three years ago and never run. The mill, which is equipped with the latest machinery and of about 300 tons daily capacity, is to be moved to the Candelaria property and used in the reduction of a large quantity of ore already developed, which is said by engineers' reports to amount to 610,000 tons of the average value of \$15 per ton.

## GOOD ORE NOW DEVELOPED IN THE BELCHER

The Reorganized Belcher Division development work continues to show improvement as progress is made. In No. 1 shaft at the 550 level, a new crosscut has been started northwest from this level. The ore seems from which good milling values have been taken during the week are increasing in width and value also, show a small increase.

At No. 2 shaft the ore on the intermediate assays \$19.80, with benches showing high-grade hornblende. The management will start in the next few days to sink a winze from the 50-foot level of the intermediate and follow the ore veins to the next level. Twenty tons of ore is now in the bins and in the next few days sufficient will be on top from which to make a shipment.

With the showing now in evidence in the Reorganized Belcher, it looks as though another regular producer would be added to the list of Dividend shippers.

## AMUSEMENTS

### "CYCLONE BLISS" AT THE BUTLER TODAY

"Cyclone Bliss," the latest Jack Hoxie feature, is to be shown at the Butler theatre today. It is a story of the west during the pioneer days and deals with a young man who is a mysterious stranger in a land where the country is ruled by a bad man. Jack Hoxie plays the part of the rescuer and in doing so faces many dangers.

During the course of the story Hoxie is called upon to stage a fight with about a dozen of the west's bad men and he succeeds in taking them all. It is a wonderful picture that furnishes thrills from start to finish. In addition to his superb acting throughout, Jack Hoxie has many opportunities for displaying his great horsemanship, as it is well known Hoxie is one of the best riders of the west and without a doubt the peer of all movie actors. When it comes to riding a horse, Hoxie not only knows how to ride, but can do more stunts on horseback than any cowboy in the west, let alone any movie rider. Also a two-reel comedy, "Short and Snappy."

Tomorrow, Tom Moore in "Made in Heaven" and the third thrilling episode of "Hurricane Hutch" with Charles Hutchinson and Warner Hand.
